

Birchcliff Energy is seeking a dynamic and motivated Health and Safety Advisor to join our team. Reporting to the Health and Safety Manager in Calgary, the primary role of this key position is to support Field operations by providing H&S support to our Production, Drilling, Completion and Facility Construction operations as well as Corporate programs. This position is field based out of our Spirit River, Alberta office.

Key Responsibilities

- To support and provide guidance in regards to Birchcliff's Health and Safety programs.
- Participate in and train required field personnel on our Emergency Response Plan.
- Work with all Birchcliff Operations Teams, including Wellsite Leaders and Facilities Supervisors to ensure compliance with Birchcliff's expectations and H&S programs.
- Participate in and audit contractor safety programs/meetings.
- Support contractors conducting H&S field activities. This would include regular discussions with Birchcliff representatives as well as the contract services to review ongoing programs and provide direction.
- Participate in incident investigations as an initial response along with the Operations representatives. This includes ensuring all investigations are completed with root cause and effective corrective actions.
- Support and ensure continuous improvement of our Training and Competency program for Birchcliff Field Leaders and Supervisors.
- Participate in Simultaneous Operations projects.
- Participate in pre-job kickoff meetings as well as Health and Safety reviews post-job.
- Participate in pre-job and facility inspections, both safety and regulatory. This would include training and support for the Operations teams in the process.
- Support and participate in Synergy Groups.
- This role will include being on call for Emergency Response and Incident Investigations.
- Participate and represent with the Production Joint Health and Safety Committee.

Education, Skills and Abilities

- Must have 10 years' experience in the Oil & Gas industry with a majority of their career being health and safety focused.
- Must have H&S experience in Production Operations and/or Drilling & Completions.
- A valid OH&S Certificate or University Equivalent is a minimum requirement however, preference will be given to a Canadian Registered Safety Professional.
- Must have a background or training in Incident Investigation.
- Motivated to support all aspects of our Operations with continual enhancement of our H&S programs.
- Must be able to manage time and priorities.
- Advanced communication skills, including written, verbal and computer.
- Demonstrate a keen interest for accuracy and attention to detail.
- Strong organizational skills and excellent critical thinking skills.
- Must be a Great Team Player and add professional input into decisions.
- The ability to work as a team member and effectively support and work with Birchcliff Leaders.

- Regular travel required from our Spirit River Office to all of our operational areas with some travel to Calgary.
- The candidate is **required to currently live** within a maximum of one-hour radius of our Spirit River Field Office (i.e. Dawson Creek or Grande Prairie area). Do not apply if you do not currently meet this requirement.

Application Process

Qualified applicants are invited to submit their resume to careers@birchcliffenergy.com with the position listed in the subject line of the email.

Birchcliff Energy Ltd. (www.birchcliffenergy.com) offers competitive compensation, stock options and benefits to its employees. The successful applicant will be a highly motivated, flexible, enthusiastic and well-organized individual who enjoys being part of a fast-paced team.

Applications will be accepted until the position is filled.

We thank you in advance for your submission, however, only those selected for an interview will be contacted.
