Job Description

The Birchcliff - Pouce Coupe 3-22 Gas Plant is currently looking for a safety-oriented Operator at our Plant located south of Bay Tree, Alberta. Reporting to the Plant Foreman, the Plant Operator will be responsible for the safe and efficient operation of the equipment and processes. This is a safety sensitive position and will be subject to the relevant requirements of the Birchcliff Drug and Alcohol Policy.

Requirements and Responsibilities

- Environment, Health and Safety must be a top priority – ensure that plant operations are compliant to health, safety and environmental regulations and Birchcliff policies and procedures;
- Manage operations of plant and processing equipment including compressors, separators, pumps and processing equipment (amine sweetening, refrigeration, condensate and NGL stabilization) including performing routine checks and maintenance;
- Monitor equipment performance, take corrective action, and initiate work requests for area of responsibility;
- Assist in identifying deficiencies and provide recommendations and implement modifications to existing procedures to ensure optimal performance standards;
- Ensure that operations are carried out in a cost-effective manner;
- Prepare and input daily production reporting in the PVR field data capture system;
- Manage on site contractors, such as, writing work permits, conducting hazard assessments and directing contractors at the worksite;
- Will be required to work 7 days on and 7 days off shifts (12-hour shift) rotating days and nights. Must be willing to work overtime when required.

Qualifications

- 4th Class Power Engineering Certificate required;
- PFO/GPO Certification is considered an asset;
- Common Safety Orientation, First Aid and CPR, H2S Alive, and other relevant courses and tickets;
- Demonstrate effective communication with operators, contractors, office teams and management staff;
- Proficiency with computer systems and software - a solid working knowledge of MS Office and PVR is asset.
- Possess strong attention to detail with a high level of accuracy;
- Strong critical thinking skills with the ability to manage and assess risk;
- Excellent organizational and time management skills, in order to manage multiple priorities and competing demands with tight timelines.

Application Process

Note that this position is located in Birchcliff's Pouce Coupe Area. The ideal candidate must reside in the Spirit River, Dawson Creek or Pouce Coupe area. Interested applicants are invited to submit their resume to careers@birchcliffenergy.com with the term "Plant Operator" and their name in the subject line of the email.

Birchcliff Energy Ltd. (www.birchcliffenergy.com) offers competitive compensation, stock options and benefits to its employees. The successful applicant will be a highly motivated, flexible, enthusiastic and well-organized individual who enjoys being part of a fast-paced team.

We thank you in advance for your submission; however, only those selected for an interview will be contacted.
