INFORMATION CIRCULAR

Persons Making the Solicitation

This Information Circular (the “**Information Circular**”) is furnished in connection with the solicitation of proxies by or on behalf of the management of Birchcliff Energy Ltd. (“**Birchcliff**” or the “**Corporation**”) for use at the annual meeting (the “**Meeting**”) of the holders of common shares of the Corporation (“**Common Shares**”) to be held in the McMurray Room of the Calgary Petroleum Club, 319 – 5th Avenue S.W., Calgary, Alberta at 3:00 p.m. (Calgary time) on Thursday, May 14, 2015, or at any adjournment or postponement thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders (the “**Notice of Meeting**”).

It is expected that the solicitation of proxies will be primarily by mail. Proxies may also be solicited by personal interviews, or by other methods of communication, by executive officers, directors and employees of the Corporation, who will not be specifically remunerated therefor. The cost of the solicitation of proxies by or on behalf of management will be borne by the Corporation.

The information contained in this Information Circular is given as of March 18, 2015, except where otherwise indicated.

Appointment of Proxies

Shareholders of the Corporation who wish to be represented at the Meeting by proxy must complete and deliver a proper proxy to the Corporation’s transfer agent, Computershare Trust Company of Canada: (i) by mail using the enclosed return envelope or one addressed to Computershare Trust Company of Canada, Proxy Department, 135 West Beaver Creek, P.O. Box 300, Richmond Hill, Ontario L4B 4R5; (ii) by hand delivery to Computershare Trust Company of Canada, 8th Floor, 100 University Avenue, Toronto, Ontario M5J 2Y1; or (iii) by facsimile to (416) 263-9524 or 1-866-249-7775. Registered shareholders may also use the internet at www.investorvote.com to vote their Common Shares and to appoint another person to be the shareholder’s proxyholder. Shareholders voting through the internet will be prompted to enter the 15-digit control number found on the form of proxy.

In order to be valid, proxies must be received by Computershare Trust Company of Canada on or before 3:00 p.m. (Calgary time) on Tuesday, May 12, 2015, or if the Meeting is adjourned or postponed, at least 48 hours (excluding Saturdays, Sundays and holidays) prior to any adjournment or postponement thereof. The Chairman of the Meeting will have the discretion, but is not obligated, to accept proxies that are deposited with Computershare Trust Company of Canada or with the Chairman of the Meeting less than 48 hours prior to the time of the Meeting or any adjournment or postponement thereof.

The persons named as proxyholders in the enclosed form of proxy are directors and/or executive officers of the Corporation. **A shareholder has the right to appoint a person or company to attend and represent the shareholder at the Meeting, other than the persons designated in the form of proxy furnished by the Corporation. To exercise this right, the shareholder is required to either insert such person or company’s name in the blank space provided in the form of proxy or complete another appropriate form of proxy and, in either case, deliver the completed proxy to Computershare Trust Company of Canada, at the places and within the time specified above for the deposit of proxies.**

Notice-and-Access

The Corporation has elected to use “notice-and-access” (“**Notice-and-Access**”) under National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“**NI 54-101**”) in respect of the Meeting for delivery of meeting materials to its shareholders who do not hold Common Shares in their own name (“**Beneficial Shareholders**”). Notice-and-Access is a set of rules developed by the Canadian Securities Administrators that are intended to reduce the volume of material

mailed to shareholders by allowing a reporting issuer to post proxy-related materials in respect of a shareholders' meeting online, rather than mailing paper copies.

The Corporation has elected to use procedures known as "stratification" in relation to the use of Notice-and-Access. Stratification occurs when a reporting issuer using Notice-and-Access provides a paper copy of proxy-related materials to some shareholders but not others.

In relation to the Meeting, registered shareholders, those Beneficial Shareholders with existing instructions on their account to receive paper materials and those Beneficial Shareholders holding 5,000 or more Common Shares will receive a paper copy of each of: (i) the Notice of Meeting and this Information Circular; (ii) a form of proxy or voting instruction form, as applicable; and (iii) the Corporation's Annual Report that contains the Corporation's annual financial statements and related management's discussion and analysis for the most recently completed financial year (collectively, the "**Financial Information**"). Beneficial Shareholders holding less than 5,000 Common Shares will receive only a Notice-and-Access notification and a voting instruction form. A paper copy of the Financial Information will also be mailed to those Beneficial Shareholders who previously requested to receive such paper copies.

Revocation of Proxies

A shareholder of the Corporation who has given a proxy has the power to revoke it. In addition to revocation in any other manner permitted by law, a proxy may be revoked by an instrument in writing executed by the shareholder or by the shareholder's attorney authorized in writing and deposited either at the registered (head) office of the Corporation at any time up to and including the last business day preceding the day of the Meeting or any adjournment or postponement thereof or deposited with the Chairman of the Meeting on the day of the Meeting or any adjournment or postponement thereof.

Exercise of Discretion with Respect to Proxies

The Common Shares represented by a proxy duly received and not withdrawn will be voted for or against or withheld from voting on any motion, by ballot or otherwise, in accordance with the instructions of the shareholder. In the absence of such instructions, such Common Shares will be voted at the Meeting in favour of the matters set forth in the proxy.

If any amendment or variation to the matters identified in the Notice of Meeting is proposed or if any other matters properly come before the Meeting or any adjournment or postponement thereof, the enclosed form of proxy confers discretionary authority on the persons named therein to vote on any such amendment or variation or other such matters. As at the date of this Information Circular, management of the Corporation is not aware of any such amendments or variations or other matters to come before the Meeting.

Advice to Beneficial Shareholders

The information set forth in this section is of significant importance to many shareholders of Birchcliff, as a substantial number of shareholders do not hold Common Shares registered in their own name. In most cases, shareholders are the "beneficial holders" of Common Shares registered in the name of an intermediary such as a broker or trustee. Beneficial Shareholders who do not hold Common Shares in their own name should note that only proxies deposited by shareholders whose names appear on the records of the Corporation as registered holders of the Common Shares can be recognized and acted upon at the Meeting.

If Common Shares are listed in an account statement provided to a shareholder by a broker or trustee, then in almost all cases those Common Shares will not be registered in the shareholder's name on the records of the Corporation. Such Common Shares will more likely be registered under the name of the shareholder's broker or trustee.

In Canada, the vast majority of such Common Shares are registered under the name of CDS & Co., the registration name for CDS Clearing and Depository Services Inc., which acts as nominee for many Canadian brokerage firms. Under Canadian securities laws, Common Shares held by brokers or their nominees for Beneficial Shareholders can only be voted upon the instructions of the Beneficial Shareholder. Without specific instructions, intermediaries are prohibited from voting Common Shares for their clients. The directors and executive officers of Birchcliff do not know for whose benefit the Common Shares registered in the name of CDS & Co. are held.

Applicable regulatory policy requires intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. Every intermediary has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. Often, the form of proxy or voting instruction form supplied to a Beneficial Shareholder by its broker is similar to the form of proxy provided to registered shareholders. **The purpose of the form of proxy or voting instruction form distributed by the intermediary is limited to instructing the registered shareholder how to vote on behalf of the Beneficial Shareholder.**

The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("**Broadridge**") in Canada. Broadridge prepares a machine readable voting instruction form, mails this form to Beneficial Shareholders and asks Beneficial Shareholders to communicate voting instructions to Broadridge. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting to the Corporation's transfer agent, Computershare Trust Company of Canada.

A Beneficial Shareholder cannot use the voting instruction form received from Broadridge to vote Common Shares directly at the Meeting. Voting instructions must be conveyed to Broadridge by the date specified on the voting instruction form in order to have the Common Shares voted at the Meeting.

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of an intermediary, a Beneficial Shareholder may attend at the Meeting as a proxyholder for the registered shareholder and vote the Common Shares in that capacity. Beneficial Shareholders who wish to attend the Meeting and indirectly vote their Common Shares as proxyholder for the registered shareholder should enter their own names in the blank space on the voting instruction form provided to them and return the same in accordance with the instructions provided, well in advance of the Meeting.

Management of the Corporation does not intend to pay for intermediaries to forward to objecting beneficial owners ("**OBOs**") under NI 54-101 the proxy-related materials and Form 54-101F7 – *Request for Voting Instructions Made by Intermediary*. In the case of an OBO, the OBO will not receive the materials unless the OBO's intermediary assumes the cost of delivery.

Interest of Certain Persons or Companies in Matters to be Acted Upon

Management of the Corporation is not aware of any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, of any person who has been a director or executive officer of the Corporation at any time since the beginning of the financial year ended December 31, 2014, or of any proposed nominee for election as a director of the Corporation, nor any associate or affiliate of any of the foregoing, in any matter to be acted upon at the Meeting except as disclosed in this Information Circular under the headings "*Business of the Meeting – Fixing Number of Directors*" and "*Business of the Meeting – Election of Directors*".

Voting Securities and Principal Holders of Voting Securities

On March 18, 2015, Birchcliff had 152,277,539 Common Shares issued and outstanding. Only shareholders of record at the close of business on March 27, 2015 (the “**Record Date**”) are entitled at the Meeting to one vote for each Common Share held, provided that if a shareholder has transferred the ownership of any of his or her Common Shares after the Record Date and the transferee of those Common Shares produces properly endorsed Common Share certificates or otherwise establishes that he or she owns the Common Shares and demands, not later than ten days before the Meeting, that his or her name be included in the list of shareholders before the Meeting, then the transferee shall be entitled to vote such Common Shares at the Meeting.

As at March 18, 2015 and to the best of the knowledge of the directors and executive officers of the Corporation, no person or company beneficially owns, or controls or directs, directly or indirectly, more than 10% of the outstanding Common Shares other than as set forth in the table below.

Name and Municipality of Residence of Shareholder	Number and Percentage of Common Shares
Seymour Schulich Toronto, Ontario	40,000,000 26.3%

BUSINESS OF THE MEETING

To the knowledge of the board of directors of the Corporation (the “**Board**”), the only matters to be brought before the Meeting are those set forth in the accompanying Notice of Meeting.

1. Annual Report and Financial Statements

Pursuant to the *Business Corporations Act* (Alberta) (the “**ABCA**”), the directors will place before the shareholders at the Meeting, the audited financial statements of the Corporation for the financial year ended December 31, 2014 and the auditors’ report thereon, as presented in the 2014 Annual Report of the Corporation. Shareholder approval is not required in relation to the audited financial statements.

2. Fixing Number of Directors

The Corporation is required to have a minimum of three and a maximum of eleven directors. At the Meeting, shareholders will be asked to fix the number of directors to be elected at the Meeting at four. As a result of the death of Werner (Vern) A. Siemens on March 2, 2015, the Board presently consists of three directors, each of whom management proposes to nominate for re-election at the Meeting. In addition, management proposes to nominate Mr. Dennis Dawson for election as a director at the Meeting. Details relating to the proposed nominees are set forth in the table below under the heading “*Election of Directors*”.

Pursuant to the ABCA, the current directors of the Corporation cease to hold office at the close of the Meeting. Each person elected as a director of the Corporation will hold office until the close of the next annual meeting of shareholders. All proposed nominees have consented to be named in this Information Circular and to serve as directors, if elected.

It is the intention of the persons named in the enclosed form of proxy, if not expressly directed to the contrary, to vote proxies in favour of the ordinary resolution to fix the number of directors of the Corporation to be elected at the Meeting at four.

3. Election of Directors

The following table sets forth for each person proposed to be nominated for election as a director: (i) their name and province and country of residence; (ii) information regarding their committee memberships and their attendance at Board and committee meetings during 2014, if applicable; (iii)

their principal occupation within the past five years and a brief biography; (iv) the period served as a director, if applicable; and (v) the number of Common Shares that each proposed nominee beneficially owns, or exercises control or direction over, directly or indirectly, as of the date of this Information Circular. The Corporation will publicly disclose the voting results, providing the percentage of votes for and withheld from each individual director. In 2010, the Corporation adopted voting on an individual basis and since that time, no director has received less than 85% of the votes in favour of such individual director.

Majority Voting for Directors

The Board has adopted a majority voting policy (the "**Majority Voting Policy**") stipulating that if, with respect to any particular nominee for election as a director, the number of votes "for" the nominee does not exceed the number of votes recorded "withheld" from voting for such nominee, then such nominee shall promptly following certification of the shareholder vote, submit to the Board his or her resignation which shall state that it is effective upon the acceptance thereof by the Board. Such director shall not participate in any meeting of the Board or any committee thereof to consider whether his or her resignation shall be accepted. The Board shall consider the acceptance of a director's resignation tendered pursuant to the Majority Voting Policy within 90 days of the applicable meeting of shareholders and shall cause a press release to be issued promptly by the Corporation disclosing the Board's determination and if the resignation is not accepted by the Board, the reasons therefor.

If a resignation tendered pursuant to the Majority Voting Policy is accepted, subject to any corporate law restrictions, the Board may: (i) leave the resultant vacancy unfilled until the next annual meeting of shareholders; (ii) fill the vacancy through the appointment, in accordance with the articles and by-laws of the Corporation, of a new director whom the Board considers in its sole discretion is an appropriate person for such appointment; or (iii) call a special meeting of shareholders at which there will be presented management nominees to fill the vacant position or positions.

The Board shall accept each resignation tendered in accordance with the Majority Voting Policy absent exceptional circumstances. In considering whether to accept or reject such a resignation, the Board shall exercise its fiduciary duty to act in the best interests of the Corporation and shall consider all factors it deems relevant including, without limitation:

- (a) any stated reasons as to why shareholders withheld votes from the election of such director;
- (b) the length of service and the qualifications of the director;
- (c) the director's past contributions to the Corporation;
- (d) the director's attendance at past meetings of the Board or of any committee the director is a member of;
- (e) the effect such resignation may have on the Corporation's ability to comply with any applicable laws, rules and policies (regulatory, securities or corporate laws or stock exchange rules);

- (f) the dynamics and composition of the existing Board;
- (g) the number of shares of the Corporation owned by the director; and
- (h) the effect such resignation might reasonably be expected to have on any covenants or agreements to which the Corporation or any of its affiliates is a party.

For the purposes of the Majority Voting Policy, “uncontested elections” means elections of directors at shareholder meetings where the number of nominees for election to the Board is equal to the number of directors to be elected at such meetings of shareholders.

Corporate Cease Trade Orders or Bankruptcies

No proposed director of the Corporation is, or has been within the past ten years, a director, chief executive officer or chief financial officer of any company, including the Corporation, that was subject to a cease trade order, an order similar to a cease trade order, or an order that denied the relevant company access to any exemption under securities legislation, in each case that was in effect for a period of more than 30 consecutive days, which was issued: (i) while that person was acting in such capacity; or (ii) after that person ceased to act in such capacity but which resulted from an event that occurred while that person was acting in such capacity, other than Mr. Cullen is a director of Southern Pacific Resource Corp. (“**Southern Pacific**”) which was cease traded effective February 20, 2015 for failure to file its quarterly filings when due.

No proposed director of the Corporation is, or has been within the past ten years, a director or executive officer of any company, including the Corporation, that, while such person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets, other than Mr. Cullen is a director of Southern Pacific which obtained creditor protection under the *Companies’ Creditors Arrangement Act* (Canada) pursuant to an order granted on January 21, 2015 by the Court of Queen’s Bench of Alberta.

No proposed director of the Corporation has, within the past ten years, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the proposed director.

Penalties or Sanctions

No proposed director of the Corporation has been subject to any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement with a securities regulatory authority or been subject to any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable shareholder in deciding whether to vote for a proposed director.

The appointment of the auditors must be approved by a majority of votes cast by the shareholders. KPMG LLP was first appointed as the auditors of the Corporation on August 30, 2011.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The Compensation Committee of the Board determines the compensation to be provided to the executive officers of the Corporation and, in doing so, receives input from the President and Chief Executive Officer in respect of all other executive officers. The Compensation Committee submits its recommendation to the full Board as to the salary of the President and Chief Executive Officer. Executive compensation for the financial year ended December 31, 2014, including salaries and option grants, were set by the Compensation Committee on the recommendation of the President and Chief Executive Officer in January 2014 and bonuses in respect of the financial year ended December 31, 2014 were set by the Compensation Committee on the recommendation of the President and Chief Executive Officer in January 2015.

Compensation Philosophy

The objective of the Corporation's compensation program is to attract, motivate, reward and retain the management talent that is needed to achieve the Corporation's business objectives. The compensation program is designed to ensure that compensation is competitive with other companies of similar size and is reflective of the experience, performance and contribution of the individuals involved and the overall performance of the Corporation. Based on a pay-for-performance philosophy, the compensation program of the Corporation is designed to reward executive officers and the other employees of the Corporation on the basis of individual performance and the achievement of corporate objectives.

The executive compensation program of the Corporation is comprised of both long and short-term elements and includes both cash and equity-based compensation. Specifically, the significant elements of the Corporation's compensation program are base salary, the payment of discretionary bonuses where appropriate, participation in the Corporation's Stock Option Plan dated January 18, 2005, as amended and restated on April 21, 2005 and May 15, 2008 (the "**Stock Option Plan**") and, historically, additional incentive-based compensation in the form of performance warrants ("**Performance Warrants**") which were issued to executive management members at the Corporation's inception. In addition, the executive officers of the Corporation are entitled to participate in the Corporation's employee group savings plan (the "**Group Savings Plan**") and to receive other employee benefits. The Compensation Committee believes that options to purchase Common Shares ("**Options**") granted under the Stock Option Plan will provide above-market compensation to the executive officers of the Corporation only upon the significant enhancement of shareholder value.

Elements of Compensation

Base Salaries

The first element of the Corporation's compensation program is the payment of base salaries. The payment of base salaries is a fundamental component of the Corporation's compensation program and serves to attract and retain highly qualified executive officers. Executive officers are paid a base salary

to compensate them for providing the leadership and skills necessary to fulfill their responsibilities as executive officers of the Corporation.

Salaries for executive officers are reviewed annually by the President and Chief Executive Officer, based on a review of corporate and personal performance and individual levels of responsibility. Salaries of the executive officers are not determined based on benchmarks or performance goals or by using a specific formula. The Compensation Committee considers and, if thought appropriate, approves salaries recommended by the President and Chief Executive Officer in respect of the other executive officers. The Compensation Committee of the Corporation submits its recommendation to the full Board as to the salary of the President and Chief Executive Officer.

The base salaries for the executive officers for the financial year ended December 31, 2014 were set to be competitive with industry levels. The Compensation Committee had regard to the contribution made by the executive officers, how their compensation levels related to compensation packages that would be achievable by such executive officers from other opportunities and available salary survey data and other information publicly disclosed by certain of the Corporation's competitors.

The Bonus Plan

The second element of the Corporation's compensation program is the discretionary bonus plan (the "**Bonus Plan**"), which consists of discretionary cash bonuses paid to the executive officers and other employees, where deemed appropriate by the Compensation Committee. The Bonus Plan is designed to reward the Corporation's executive officers and other employees for their performance and for their contribution to the achievement of the Corporation's annual goals and objectives. In addition, the Bonus Plan serves as a short-term retention incentive to encourage the executive officers and employees to remain employed with the Corporation. The Bonus Plan is complemented and balanced by the Stock Option Plan, which is designed as a long-term retention incentive.

In January 2015, the Compensation Committee and the Board approved the payment of a bonus in the amount of \$450,000 to each of the executive officers. Bonuses paid to the executive officers were in recognition of the extraordinary efforts made during the financial year ended December 31, 2014 in executing the Corporation's business plan. Further, the bonuses recognized the value of the Corporation's asset base and the success achieved in all aspects of the Corporation's business. The bonuses were based on overall contribution and effort and were not based on a formula or previously prescribed guidelines.

The Stock Option Plan

The third element of the Corporation's compensation program is the Stock Option Plan. Pursuant to the Stock Option Plan, Options may be granted to directors, executive officers, employees and consultants of the Corporation. The Stock Option Plan is an integral component of the Corporation's total compensation program and serves to enhance shareholder value by aligning the interests of executive officers and employees with the interests of shareholders in the growth and profitability of the Corporation. The Stock Option Plan is designed, through the grant of Options, to reward optionholders with additional compensation relative to an increase in the price of the Common Shares. The longer-term focus of the Stock Option Plan is complimented and balanced by the cash-based compensation features of the Corporation's compensation program, specifically base salaries and the Bonus Plan.

Pursuant to the Stock Option Plan, the Board may, on the recommendation of the Compensation Committee, grant Options from time to time. Generally, the number of Options granted to any optionee is a function of the level of authority and responsibility of the optionee, the contribution that has been made by the optionee to the business and affairs of the Corporation, the number of Options that have already been granted to the optionee and such other factors as the Compensation Committee may consider relevant. In determining the number of Options to be granted to the executive officers during

2014, the Compensation Committee had regard to the amount, terms and vesting levels of existing Options and Performance Warrants held by the executive officers and also the number of Options remaining available for grant by the Corporation in the future to attract and maintain qualified technical and administrative staff.

Options are granted by the Board who, at the time of the grant, fixes the exercise price, vesting dates and the expiry date of such Options. The Stock Option Plan provides that the expiry date of an Option shall be no later than 10 years from the date of grant of such Option and that the exercise price of an Option shall be determined by the Board but shall not be lower than the higher of the closing price of the Common Shares on the Toronto Stock Exchange (the “TSX”) on the first trading day immediately preceding the date of grant, or the lowest price permitted by the TSX.

The maximum number of Common Shares that may be issued under the Stock Option Plan at any time shall not exceed 10% of the aggregate number of Common Shares actually outstanding at that time, as determined on a non-diluted basis. The maximum number of Common Shares that may be issued under the Stock Option Plan to insiders of the Corporation within any one-year period and the maximum number of Common Shares that are issuable under the Stock Option Plan to insiders of the Corporation at any time, together with all Common Shares issuable to insiders under all other share compensation arrangements, may not exceed 10% of the outstanding Common Shares. The maximum number of Common Shares that may be issued under the Stock Option Plan to any single participant in the Stock Option Plan may not exceed 5% of the outstanding Common Shares. All of the Options granted to date under the Stock Option Plan provide for: (i) the expiry of such Options not later than the fifth anniversary of the date of grant; and (ii) the vesting of such Options with respect to one-third of the Common Shares issuable thereunder on each of the first, second and third anniversaries of the date of grant.

The Board may, at any time, but subject always to the receipt of required regulatory approvals, alter, amend or revise the terms of the Stock Option Plan or an outstanding Option, or suspend, discontinue or terminate the Stock Option Plan, provided that, without the prior written consent of an optionee, no such action shall adversely affect (except as specifically provided in the Stock Option Plan or an applicable Option Agreement) any Options previously granted to such optionee. Any alteration, amendment or revision to the Stock Option Plan or any outstanding Options (other than suspension, discontinuance or termination of the Stock Option Plan or any outstanding Options) is subject to the prior approval of shareholders of the Corporation.

Notwithstanding the foregoing, the Board has the authority to make certain amendments to the Stock Option Plan without further approval of the shareholders of the Corporation, to the extent that such amendments relate to: (i) altering, extending or accelerating the terms and conditions of vesting applicable to any Option or group of Options; (ii) changing the termination provisions of an Option, provided such change does not entail an extension beyond the original expiry date of such Option; (iii) accelerating the expiry date of an Option; (iv) determining the adjustment provisions pursuant to the Stock Option Plan; (v) making changes of a “housekeeping” nature; and (vi) amending or modifying the mechanics of exercise of the Options.

Shareholder approval is specifically required for the Board to make amendments of the following nature: to (i) increase the maximum number or percentage of Common Shares that may be issued pursuant to Options; (ii) reduce the exercise price of Options benefiting an insider; (iii) alter limits to insider participation; (iv) extend the expiry date of Options for the benefit of an insider; and (v) amend the amendment provisions.

The Stock Option Plan provides an optionee who has ceased to be a participant under the Stock Option Plan, for any reason, a limited amount of time to exercise any or all of his or her vested Options, after which time such vested Options shall expire. All of such optionee’s unvested Options expire

immediately upon cessation of participation. In the context of an optionee ceasing to be a participant under the Stock Option Plan, the directors of the Corporation have the discretion to vest unvested Options and to extend the expiry date of Options, provided that such extended expiry date shall be no later than the earlier of the original expiry date of such Options and the third anniversary date of the date upon which the optionee ceased to be a participant under the Stock Option Plan. Additionally, the expiry date is automatically extended if the expiry date of an Option falls within any period imposed by the Corporation during which the employees of the Corporation are prohibited from trading securities of the Corporation (a “**Black-Out Period**”), or within two business days thereafter, for a period of ten business days following the end of the Black-Out Period. Vested Options granted under the Stock Option Plan will expire at the earlier of: (i) the original expiry date; (ii) three years after the optionee’s death; (iii) one year after the optionee becomes disabled; (iv) one year after the optionee ceases to be a director; or (v) 30 days after the optionee ceases to be a participant for any other reason.

Options granted under the Stock Option Plan are for the benefit of the Corporation’s executive officers, directors, employees and consultants and are not assignable to any third party under any circumstance.

In the event of any change or proposed change in the Common Shares through subdivision, consolidation, reclassification, amalgamation, merger or otherwise, the Board will proportionately adjust: (i) the number of Common Shares that underlie each Option; (ii) the number of Common Shares that are available for issuance pursuant to the exercise of all outstanding Options; (iii) the securities or other property that may be acquired upon the exercise of an Option; and (iv) the exercise price of such Option, to prevent substantial dilution or enlargement of the rights granted to optionees. The Board may amend to an earlier date the date on which any or all unvested Options become vested Options and may decide whether such Options will remain as vested Options for a limited period of time only. Upon any such determination having been made, the optionee shall be bound by such determination.

The Stock Option Plan contains various provisions that apply in the context of a transaction resulting in a “change of control” (as such term is defined in the Stock Option Plan). In most change of control situations, all unvested Options will be vested. In the context of a change of control where not less than $66\frac{2}{3}\%$ of vested Options have been exercised, all remaining unexercised Options shall expire and automatically terminate and the Corporation shall make a cash payment to the former holders of such Options in an amount equal to the “in-the-money” value of such expired Options at such time.

Based on 152,277,539 issued and outstanding Common Shares as at March 18, 2015, the maximum number of Common Shares in respect of which Options may be issued under the Stock Option Plan is currently limited to 15,227,754 Common Shares. At March 18, 2015, 12,906,871 Options were outstanding, being approximately 8.5% of the Corporation’s issued and outstanding Common Shares, leaving 2,320,883 Common Shares unallocated and available for future Option grants.

At the annual general and special meeting of the shareholders of the Corporation held on May 15, 2014, shareholders approved all unallocated Options, rights or other entitlements available under the Stock Option Plan until May 15, 2017.

Performance Warrants

Performance Warrants were originally granted on January 18, 2005 at the founding of the Corporation as a long-term incentive to the members of the Corporation’s management team at the time and to enhance shareholder value by aligning the interests of the holders with the growth and profitability of the Corporation. As a performance-based incentive, the Performance Warrants were not exercisable unless the trading price of the Common Shares exceeded \$6.00 for a period of 20 consecutive trading days. This condition was satisfied in November of 2005 and accordingly, all of the Performance Warrants have been exercisable since November 2005.

As at March 18, 2015, the Corporation had 2,939,732 Performance Warrants outstanding (representing approximately 1.9% of the issued and outstanding Common Shares) held by Messrs. Tonken, Geremia, Surbey and Bosman, each of whom is an executive officer of the Corporation. Each of the Performance Warrants entitles the holder thereof to purchase one Common Share of the Corporation at an exercise price of \$3.00 per Common Share, which was the price at which the Corporation originally raised its initial \$60 million of equity financing.

At the annual general and special meeting of the shareholders of the Corporation held on May 15, 2014, the shareholders approved an amendment to the Performance Warrants to extend the expiry date of the Performance Warrants from January 31, 2015 to January 31, 2020.

Group Savings Plan and Benefits

The Corporation also provides executive officers, along with all other employees, with the opportunity to voluntarily participate in the Group Savings Plan and other employment benefits provided to employees generally typical of those provided by the Corporation's peers in the Canadian oil and gas industry, including life and disability insurance and extended health and dental coverage.

The Corporation implemented the Group Savings Plan to assist employees in meeting their saving goals. Employees who join the Group Savings Plan contribute a percentage of their base salary each pay period and the Corporation matches the employee contributions to a maximum of 5% of the employee's base salary. All employees are eligible to join the Group Savings Plan and vesting of the Corporation's contribution is immediate. The Group Savings Plan is administered for the Corporation by an independent third party investment firm. Investment options include a suite of professionally managed investment funds. The Corporation deposits contributions with the advisory firm on a semi-monthly basis and thereafter all investment decisions, transfers and withdrawals are completed directly between the employee and the advisory firm.

Risks of Compensation Policies and Practices

The Board and the Compensation Committee have not formally considered the implications of the risks associated with the Corporation's compensation policies and practices. The Corporation's compensation policies and practices give greater weight toward long-term incentives to mitigate the risk of encouraging short-term goals at the expense of long-term sustainability. The discretionary nature of the bonus awards under the Bonus Plan and of the Option grants under the Stock Option Plan are significant elements of the Corporation's compensation program and provide the Board with the ability to reward historical performance and behaviour that the Board considers to be aligned with the Corporation's best interests. See "*Corporate Governance Disclosure*".

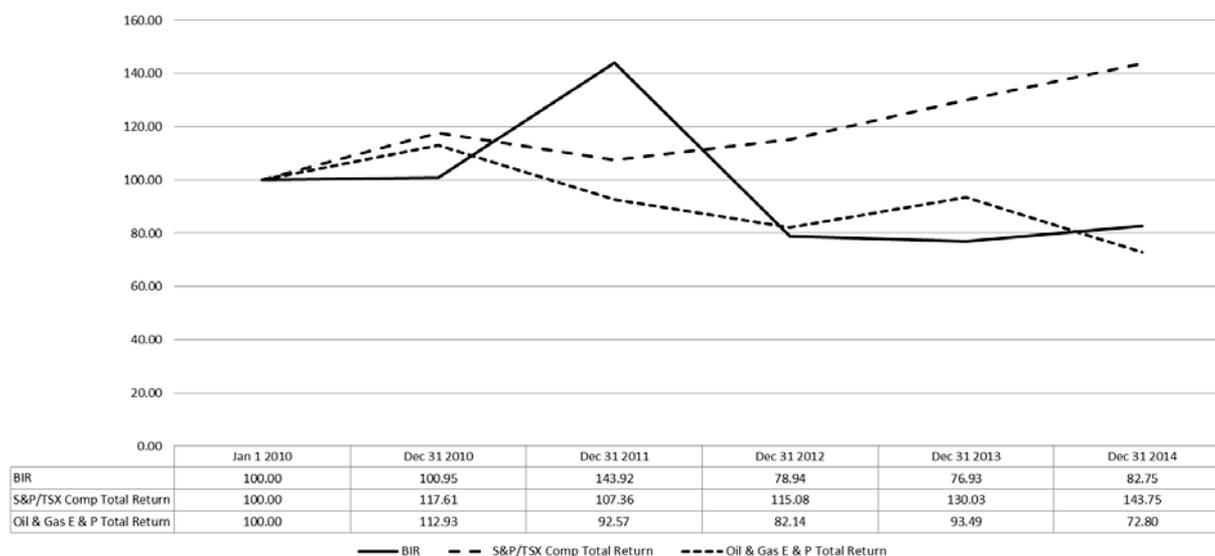

Financial Instruments

The Corporation does not have a policy restricting the ability of an executive officer or a director from purchasing financial instruments (including pre-paid variable forward contracts, equity swaps, collars or units of exchange funds) that are designed to hedge or offset a decrease in market value of equity securities (or options in respect thereof) granted as compensation or held, directly or indirectly, by the executive officer or director. In 2014, none of the executive officers or directors purchased such financial instruments.

Performance Graph

The following graph compares the cumulative total shareholder return for the five most recently completed financial years, assuming a notional \$100.00 investment in the Common Shares, with the cumulative total shareholder return on the S&P/TSX Composite Total Return Index and the Oil & Gas Exploration & Production Total Return Index.

2010 to 2014 Performance Graph

The decrease in the closing trading price of the Common Shares on December 31, 2014 relative to the closing trading price of the Common Shares on January 1, 2010 was slightly less than the comparable relative decrease in value of the Oil & Gas Exploration and Production Total Return Index. On a relative basis, the closing trading price of the Common Shares on December 31, 2014 was 20% less than the closing trading price of the Common Shares on January 1, 2010. On a similar relative basis, the closing trading price of the S&P/TSX Composite Total Return Index on December 31, 2014 was 43% more than the closing trading price of such index on January 1, 2010. Over the same five year period, executive compensation has increased each year. Executive compensation is not directly tied to the trading price of the Common Shares.

Summary Compensation for Named Executive Officers

Securities legislation requires the disclosure of the compensation received by each “Named Executive Officer” (“**Named Executive Officer**”) of the Corporation for the most recently completed financial year. “Named Executive Officer” is defined by Form 51-102F6 – *Statement of Executive Compensation* to mean: (i) the chief executive officer of the Corporation; (ii) the chief financial officer of the Corporation; (iii) each of the Corporation’s three most highly compensated executive officers or three most highly compensated individuals acting in a similar capacity, other than the chief executive officer and chief financial officer, at the end of the most recently completed financial year and whose total compensation was, individually, more than \$150,000.00 for that financial year; and (iv) each individual who would be a “Named Executive Officer” under paragraph (iii) above but for the fact that the individual was neither an executive officer of the Corporation, nor acting in a similar capacity, at the end of the most recently completed financial year. “Executive Officer” is defined by National Instrument 51-102 – *Continuous Disclosure Obligations* to mean: (i) the chair, vice-chair or president; (ii) the chief executive officer or chief financial officer; (iii) the vice-president in charge of a principal business unit, division or function including sales, finance or production; or (iv) an individual performing a policy-making function in respect of an issuer.

Notes:

- (1) The Corporation has calculated the grant date fair value of the Options granted to Named Executive Officers using the Black-Scholes-Merton model. The Corporation chose the Black-Scholes-Merton model because it is recognized as the most common methodology used for valuing Options and doing value comparisons. The value of each Option granted January 27, 2014 under International Financial Reporting Standards (“IFRS”) was \$2.79 and the Black-Scholes-Merton assumptions used were: (i) an initial expected life of 3.9 years; (ii) a historical volatility of 39.6%; and (iii) a risk free interest rate of 1.4%. The value of each Option granted on July 22, 2013 under IFRS was \$3.08 and the Black-Scholes-Merton assumptions used were: (i) an initial expected life of 3.9 years; (ii) a historical volatility of 44.6%; and (iii) a risk free interest rate of 1.4%. The value of each Option granted on January 24, 2013 under IFRS was \$2.72 and the Black-Scholes-Merton assumptions used were: (i) an initial expected life of 3.9 years; (ii) a historical volatility of 47.1%; and (iii) a risk free interest rate of 1.3%. The value of each Option granted on April 26, 2012 under IFRS was \$2.44 and the Black-Scholes-Merton assumptions used were: (i) an initial expected life of 3.8 years; (ii) a historical volatility of 52.6%; and (iii) a risk free interest rate of 1.5%. The aggregate number of Options held by each of the Named Executive Officers as at December 31, 2014 is disclosed in the table under the heading “Executive Compensation – Incentive Plan Awards – Outstanding Option-Based Awards”.
- (2) For each of the three most recently completed financial years, the value of perquisites and benefits for each Named Executive Officer that are not generally available to all employees is less than \$50,000 and less than 10% of each Named Executive Officer’s total salary.
- (3) These amounts represent the incremental fair value of the extension of the Performance Warrants that were extended on May 15, 2014 (see “Executive Compensation – Compensation Discussion and Analysis – Elements of Compensation – Performance Warrants”). The incremental fair value of the extension was determined as at May 15, 2014 by the difference between the fair value of the outstanding Performance Warrants with the expiration date of January 31, 2020 (the “extended term”) and the fair value of the outstanding Performance Warrants with the original expiration date of January 31, 2015 (the “original term”). The Corporation has calculated the fair value of the extended term Performance Warrants held by the Named Executive Officers that were extended using the Black-Scholes-Merton model using the following assumptions: (i) an initial expected life of 5.7 years; (ii) a forfeiture rate of 0%; (iii) a historical volatility of 51.5%; and (iv) a risk free interest rate of 1.7%. The Corporation has calculated the fair value of the original term Performance Warrants held by the Named Executive Officers that were extended using the Black-Scholes-Merton model using the following assumptions: (i) an initial expected life of 0.72 years; (ii) a forfeiture rate of 0%; (iii) a historical volatility of 27.0%; and (iv) a risk free interest rate of 1.0%. The fair value of each Performance Warrant with the extended term was \$9.746 and the fair value of each Performance Warrant with the original term was \$9.152.
- (4) Mr. Tonken also serves as a director of the Corporation, but receives no compensation for serving as a director of the Corporation.
- (5) Mr. Carlsen was appointed Vice-President, Engineering on July 22, 2013.
- (6) Fifty percent of this amount is for the benefit of Mr. Geremia’s former spouse. Mr. Geremia does not exercise control or direction over the underlying securities.

Pension Plan Benefits

The Corporation does not have a pension plan or any other plan that provides for payments or benefits at, following or in connection with retirement. In addition, the Corporation does not have a deferred compensation plan.

Termination and Change of Control Benefits

The Corporation entered into executive employment agreements: (i) effective December 19, 2009 with each of the Named Executive Officers, other than Mr. Tonken and Mr. Carlsen; (ii) effective May 16, 2011 with Mr. Tonken; and (iii) effective July 22, 2013 with Mr. Carlsen (collectively, the "**Employment Agreements**"). These Employment Agreements are for an indefinite term and contain provisions for payments upon: termination, with or without just cause; resignation following a change of control or constructive dismissal; or a change of duties or remuneration following a change of control. Pursuant to the Employment Agreements, a "change of control" is deemed to have occurred if:

- any person or group of persons acquires effective control of the Corporation (where "control" means the ability to exercise effective control of the management and policies of the Corporation and the ability to elect the majority of the Board and "group" refers to a combination of persons that act in concert);
- there is an acquisition of 20% or more of the Common Shares or securities convertible into Common Shares (other than by Mr. Seymour Schulich and his associates or affiliates);

- an amalgamation, arrangement or other such transaction is completed, which results in: the directors of the Corporation comprising less than two-thirds of the directors of the new entity; a sale of all or substantially all of the assets of the Corporation (other than to a partnership of which the Corporation is a partner); the liquidation, dissolution or winding up of the Corporation; or any person, partnership, entity or group acquiring control of the Corporation; or
- the Board determines that a change of control has occurred.

The following table sets forth a summary of the potential payments and other benefits that are payable or otherwise provided to the Named Executive Officers upon the occurrence of the triggering events set forth below, as well as certain conditions and obligations of the Named Executive Officer's employment as provided for in the Employment Agreements.

Potential Payments in the event of termination for just cause	<ul style="list-style-type: none"> • Any unpaid portion of salary accrued to the date of termination, any amounts due for unused vacation and any outstanding expenses not yet reimbursed.

Note:

(1) "Annual Compensation" is defined in the Employment Agreements to mean the sum of: (i) the annual salary of the executive at the date of termination; plus (ii) the simple average of the aggregate amount received or entitled to be received in respect of each of such last two fiscal years pursuant to any profit sharing, officer or employee incentive, compensation or bonus program; plus (iii) the annual cost of providing employment benefits.

The following table sets forth the estimated incremental payments that would be made to each of the Named Executive Officers pursuant to their respective Employment Agreements upon the occurrence of a termination without just cause, a resignation within 30 days following a change of control or a change of duties or remuneration following a change of control. All payments are calculated assuming the date of the triggering event was December 31, 2014 as well as the estimated value of the accelerated option vesting to each of the Named Executive Officers is set out assuming such event had occurred on December 31, 2014, based on the closing price of the Common Shares on the TSX on December 31, 2014, the last trading day of the year.

Summary of Potential Termination or Change of Control Payments

Name	“Annual Compensation” multiplied by two ⁽¹⁾⁽²⁾ (\$)	Value of Accelerated Option Vesting ⁽³⁾ (\$)	Benefits ⁽⁴⁾ (\$)
A. Jeffery Tonken President and Chief Executive Officer	1,850,436	145,501	7,703
Myles R. Bosman Vice-President, Exploration and Chief Operating Officer	1,772,485	145,501	7,874
Christopher A. Carlsen Vice-President, Engineering	1,778,305	71,101	8,359
Bruno P. Geremia Vice-President and Chief Financial Officer	1,773,704	145,501	7,975
Dave M. Humphreys Vice-President, Operations	1,780,217	145,501	8,518
James W. Surbey Vice-President, Corporate Development	1,767,477	145,501	7,456

Notes:

- (1) Includes the total value of the “Annual Compensation” as defined in the Employment Agreements.
- (2) Assumes no salary or vacation pay owing at the date of termination.
- (3) Calculated based on the difference between the market price of the Common Shares underlying the accelerated Options (based on the closing price of the Common Shares on the TSX on December 31, 2014 of \$7.82) and the exercise price of the Options.
- (4) Assumes that all benefits continue until two months from the date of the triggering event.

In addition, the Stock Option Plan contains various provisions that apply in the context of a transaction resulting in a “change of control” (as such term is defined in the Stock Option Plan). In most change of control situations, all unvested Options will be vested. In the context of a change of control where not less than 66²/₃% of vested Options have been exercised, all remaining unexercised Options shall expire and automatically terminate and the Corporation shall make a cash payment to the former holders of such Options in an amount equal to the “in-the-money” value of such expired Options at such time. Assuming a change of control occurred on December 31, 2014, the estimated incremental value of the unvested Options for which vesting would be accelerated for the Named Executive Officers is equal to \$145,501 in the case of Messrs. Tonken, Bosman, Geremia, Humphreys and Surbey and \$71,101 in the case of Mr. Carlsen. Such payments are based on the closing price of the Common Shares on the TSX on December 31, 2014, the last trading day of the year, and is equal to the value of the benefit of the accelerated Options the Named Executive Officers would be entitled to receive pursuant to their respective Employment Agreements as disclosed above.

CORPORATE GOVERNANCE DISCLOSURE

Pursuant to National Instrument 58-101 – *Disclosure of Corporate Governance Practices*, the Corporation is required to include in this Information Circular the disclosure required under Form 58-101F1.

Board of Directors

The Board currently consists of three directors, of which two are independent directors and accordingly, a majority of the directors are independent. If Mr. Dawson is elected as a director of the Corporation at the Meeting, the Board will consist of four directors, of which three will be independent and accordingly, a majority of the directors will be independent. A director is “independent” if he would be independent within the meaning of Section 1.4 of National Instrument 52-110 – *Audit Committees (“NI 52-110”)*. The independent directors are Messrs. Shaw and Cullen. If Mr. Dawson is elected as a director at the Meeting, Mr. Dawson will be considered an independent director. Mr. Tonken is not an independent director by virtue of his position as the President and Chief Executive Officer of the Corporation. The Chairman of the Board is Mr. Shaw, an independent director.

None of the current or proposed directors of the Corporation are directors of any other reporting issuer except for Mr. Cullen, who is a director of Southern Pacific Resource Corp.

Independent Board members generally conduct *in-camera* sessions following regularly scheduled Board meetings, chaired by the Chairman of the Board, Mr. Larry Shaw. During the year ended December 31, 2014, a total of eight *in-camera* sessions were held by the independent directors of the Corporation. In addition, the Board facilitates open and candid discussion among its independent directors by encouraging the independent directors to meet by themselves whenever they wish to do so and by providing an opportunity for the independent directors to meet without any members of management present at meetings of the Audit Committee, the Reserves Evaluation Committee and the Compensation Committee. While the Board relies heavily on information provided to it by management, it functions independently of management. Mr. Shaw, the Chairman of the Board, is not a member of management and chairs all meetings of the Board at which he is present in person. The independent directors are in regular communication with the Corporation’s President and Chief Executive Officer outside of formal Board meetings and processes.

The independent directors, as members of the Audit Committee and the Reserves Evaluation Committee, meet with the Corporation’s auditors and the Corporation’s independent engineering consultants. These meetings are independent of management for the purposes of planning their activities and thereafter to supervise such activities. These meetings also ensure that the auditors and consultants have an opportunity to advise if they receive full access to all requested information and receive full cooperation of management and confirm that they are not subject to any pressure from management, that there are no outstanding disagreements with management, that they are not aware of any evidence of illegal or fraudulent acts and that they are not aware of any other significant matters that should be brought to the attention of the independent directors.

The attendance record of each of the directors of the Corporation for Board and Board Committee meetings held in 2014 is as follows:

Director	2014 Reserves			2014 Compensation
	2014 Board Meetings Attended	Evaluation Committee Meetings Attended	2014 Audit Committee Meetings Attended	Committee Meetings Attended
Kenneth N. Cullen	10 of 10	4 of 4	5 of 5	2 of 2

Werner A. Siemens ⁽¹⁾	10 of 10	4 of 4	5 of 5	2 of 2
A. Jeffery Tonken	10 of 10	N/A	N/A	N/A

Note:

- (1) During the year ended December 31, 2014, Mr. Siemens was a member of the Reserves Evaluation Committee, the Audit Committee and the Compensation Committee. Mr. Siemens passed away on March 2, 2015.

Board Mandate

The Board does not have a written mandate. The Board delineates its role and responsibilities based on the statutory and common law applicable to the Corporation. The Board believes its mandate is to manage the business and affairs of the Corporation. While day-to-day management of the Corporation has been delegated by the Board to executive management, the Board fulfills its responsibility for the broader stewardship of the Corporation's business and affairs through its regular meetings at which members of the Corporation's management provide reports to the Board with respect to the Corporation's business and operations, make proposals to the Board and receive the Board's decisions for implementation.

To monitor corporate performance, the Board reviews and approves budgets prepared by management on at least an annual basis, the members of the Board receive monthly production updates and the Board receives internal monthly financial reports. The Board also receives operational, financial and health, safety and environment reports at its meetings. The Board receives informal updates from the President and Chief Executive Officer on a regular basis. The Board may retain persons having special expertise and obtain independent professional advice to assist the Board in fulfilling its responsibilities at the expense of the Corporation. At the end of each year, the Board reviews production growth, finding and development costs, outstanding debt and cash flow as compared to the Corporation's budget and as compared to industry peers.

The Board has established the following Board committees currently comprised of the members and chaired by the individuals set out in the following table.

Committee	Members⁽¹⁾	Independent
Audit Committee	Kenneth N. Cullen Larry A. Shaw (Chairman)	Yes Yes
Compensation Committee	Kenneth N. Cullen Larry A. Shaw (Chairman)	Yes Yes
Reserves Evaluation Committee	Kenneth N. Cullen Larry A. Shaw (Chairman)	Yes Yes

Note:

- (1) During the year ended December 31, 2014, Mr. Siemens was a member of the Reserves Evaluation Committee, the Audit Committee and the Compensation Committee. Mr. Siemens passed away on March 2, 2015.

If Mr. Dawson is elected as a director of the Corporation at the Meeting, it is expected that Mr. Dawson will be appointed as a member of the Audit Committee, the Compensation Committee and the Reserves Evaluation Committee following the Meeting. Mr. Dawson will be considered independent.

For a description of the functions of the Audit Committee, the Compensation Committee and the Reserves Evaluation Committee, please see the disclosure under the headings "*Corporate Governance Disclosure – Audit Committee*", "*Corporate Governance Disclosure – Compensation Committee*" and "*Corporate Governance Disclosure – Other Board Committees*", respectively.

Position Descriptions

The Board has developed and approved written position descriptions for the Chairman of the Board, the President and Chief Executive Officer and the Chair of each committee of the Board.

The principal role of the Chairman of the Board is to organize and manage the affairs of the Board, including ensuring the Board is organized properly, functions effectively and meets its obligations and

responsibilities, including those relating to corporate governance matters. The Chairman is accountable to the Board and acts as a direct liaison between the Board and the management of the Corporation.

The principal role of the Chief Executive Officer is to provide leadership and direction for the Corporation in accordance with the corporate strategy and objectives approved by the Board. The Chief Executive Officer is ultimately responsible for all day-to-day management decisions and for implementing the Corporation's current and long-term objectives.

The principal role of the Chair of any committee of the Board is to effectively engage and manage the business of the committee.

Orientation and Continuing Education

The Corporation does not currently have any formal orientation and education programs for new directors as the changes in Board membership have been limited. The Board briefs new directors on the corporate policies of the Corporation and other relevant corporate and business information. The Board has not implemented a continuing education program for directors; however, the Board supports any relevant educational initiative by any individual director. Management regularly provides the Board with continuing education materials and the Board obtains legal and accounting advice whenever it considers it necessary to keep abreast of current developments relating to the obligations of directors.

Ethical Business Conduct

The Board has adopted a written policy of ethical business conduct (the "**Ethics Policy**") for the directors, officers and employees of the Corporation. A copy of the Ethics Policy is available on the Corporation's intranet site and each new employee receives a copy of the Ethics Policy. The Board does not formally monitor compliance with the Ethics Policy. The Board expects that each director will exercise independent judgment in considering transactions and agreements in respect of which such director has a material interest and in those circumstances will comply with applicable law and disclose his interest and refrain from participating in discussions or voting on the matter, in accordance with the requirements of the ABCA.

The Audit Committee and the Board have adopted a Whistleblower Policy to provide for the confidential and anonymous submission by employees of concerns regarding questionable accounting or audit matters. Under the Whistleblower Policy, the Board encourages the submission of all good faith concerns and complaints regarding the Corporation's accounting, auditing and financial reporting matters.

Nomination of Directors

The Board has not initiated any formal process to identify new candidates for Board nomination as changes have been relatively limited since inception. The Board encourages the independent directors to put forward their suggestions regarding candidates for new directors and encourages an objective nomination process.

The Board has not established and has no current intention of establishing either a nominating committee or corporate governance committee. The Board will normally establish a committee when it considers that independence and exclusion of management participation is required to effectively and properly manage the relevant subject matter or when it feels that the frequency of meetings or time commitments required to effectively manage the relevant subject matter make it impractical for such matters to be managed by the full board. The Board does not consider that either of these concerns have arisen in relation to matters that would normally be managed by a nominating or corporate governance committee.

Compensation Committee

The Board has a Compensation Committee which is comprised entirely of independent directors. Each of the Compensation Committee members have direct experience relevant to executive compensation. They have each held senior leadership positions in various organizations, giving them the skills and experience necessary to enable them to make decisions of the suitability of the Corporation's compensation policies and practices. Mr. Shaw has served as the chairman of several public oil and gas companies and was the president of Shaw Automotive Group Ltd. and Shaw G.M.C. Pontiac Buick Hummer Ltd. and Mr. Cullen was a partner of Deloitte & Touche LLP, which has provided each of them with extensive experience managing and implementing compensation policies and practices.

The Compensation Committee has the responsibility to review compensation matters and to recommend to the Board the appropriate levels of compensation for all of the directors and executive officers of the Corporation. In addition, it has the responsibility to provide oversight and guidance for the compensation and benefits for all of the Corporation's employees. The Compensation Committee has the authority to engage outside advisors to the extent it considers it necessary or desirable. During the financial year ended December 31, 2014, the Board did not engage any outside compensation advisors. Further information regarding compensation matters is disclosed under the heading "*Executive Compensation*".

Audit Committee

The Board has an Audit Committee which is comprised entirely of independent directors. Each member of the Audit Committee is "independent" and "financially literate" within the meaning of NI 52-110. Mr. Cullen is a Chartered Accountant and a former Partner of Deloitte and Touche LLP. Mr. Shaw has served as the chairman of several public oil and gas companies and as a member of the audit committee of such companies and was also the president of Shaw Automotive Group Ltd. and Shaw G.M.C. Pontiac Buick Hummer Ltd. As a result, each member of the Audit Committee is "financially literate" in that they have an ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that can reasonably be expected to be raised by the Corporation's financial statements. Details of the relevant education and experience of each of the members of the Audit Committee are set forth under the heading "*Business of the Meeting – Election of Directors*".

The principal function of the Audit Committee is to review the overall audit plan and the Corporation's system of internal controls, to review the results of the external audit, and to resolve any potential disputes with the Corporation's auditors. In performing this function, the Audit Committee monitors audit functions and the preparation of financial statements, communicates directly with the external auditors, has overview responsibility for management reporting on internal controls and meets with outside auditors independently of management. The Audit Committee also approves press releases of financial results, reviews all prospectuses and the Corporation's Annual Information Form. The Audit Committee has developed and adopted a formal Charter and the text of that Charter together with other disclosure required by NI 52-110 is contained in the Annual Information Form of the Corporation dated March 18, 2015, under the heading "*Audit Committee*", which is available on SEDAR at www.sedar.com.

Other Board Committees

Other than the Audit Committee and the Compensation Committee, the only other committee the Board has appointed is a Reserves Evaluation Committee, which is comprised entirely of independent directors. This committee assists the Board in fulfilling its oversight responsibilities in relation to the determination and reporting of the Corporation's reserve estimates, the qualifications of the Corporation's independent engineering consultants and their corporate procedures. This committee has the responsibility to: monitor the Corporation's compliance with National Instrument 51-101 – *Standards of Disclosure for Oil and Gas Activities* ("**NI 51-101**"); select, engage and supervise an

independent reserves evaluator to prepare reports required under NI 51-101; and review reserves reports prepared by the independent reserves evaluator and review all statements required to be filed pursuant to NI 51-101.

Assessments

The Board has established a formal process for the regular evaluation of the effectiveness and contribution of the Board, its committees and individual directors.

Each director is required to annually complete an anonymous questionnaire to assess the Board's effectiveness and performance. The questionnaire includes both quantitative and qualitative commentary and solicits feedback on other areas such as director knowledge and corporate governance. The questionnaire is administered by the Chairman of the Board, who compiles and analyzes the results. A summary of responses to the questionnaire, without attribution to individual Board members, is provided to the Board. The results of the evaluation are reviewed by the Board, who considers whether any changes to the Board's processes, composition or committee structure are appropriate. Additionally, senior management is advised of any suggestions made by directors for enhancement of processes to support the work of the Board. In an effort to continuously improve the process, the format and focus of the written questionnaire is reviewed annually by the Chairman.

Director Term Limits and Other Mechanisms of Board Renewal

The Board has not adopted term limits for the directors on the Board or other mechanisms of board renewal. The Board believes that the imposition of director term limits on a board implicitly discounts the value of experience and continuity amongst board members and runs the risk of excluding experienced and potentially valuable board members as a result of an arbitrary determination. The Board believes that it is important to have directors who understand the business of the Corporation and the industry in which it operates, which the Board believes comes from time and experience.

Gender Diversity

The Board has not adopted a written policy relating to the identification and nomination of women directors. The directors of the Corporation have a fiduciary duty to act in the best interests of the Corporation. As part of that duty, the Board believes that it should be able to select and nominate for election or appointment as directors those individuals who will best serve the interests of the Corporation, regardless of gender. The Board believes that implementing such a policy will potentially restrict the Board's ability to select those individuals that will best serve the interests of the Corporation.

The Board considers the level of representation of women on the board in identifying and nominating candidates for the appointment or election to the Board. In identifying and nominating candidates for election or appointment to the Board, the Board considers various factors, including, but not limited to: (i) the individual merits of each potential candidate, including their skills, education, background, experience and any previous contributions to the Corporation; (ii) the number and qualities of potential candidates and whether any such candidates are women; (iii) the current composition of the Board; and (iv) the needs of the Corporation. The ultimate selection will be based on serving the best interests of the Corporation.

The Corporation considers the level of representation of women in executive officer positions when making executive officer appointments. In making executive officer appointments, the Corporation considers various factors, including, but not limited to: (i) the merits of each potential candidate, including their skills, education, background, experience and any previous contributions to the Corporation; (ii) the number and qualities of potential candidates and whether any such candidates are women; (iii) the composition of the executive officers; and (iv) the needs of the Corporation. The ultimate selection will be based on serving the best interests of the Corporation.

The Corporation has not adopted specific targets for gender or other dimensions of diversity at the Board or executive officer level due to the relatively small size of these groups. In addition, the Corporation believes that it is important that each appointment to the Board and at the executive officer level be made, and be perceived as being made, based on the merits of the individual and the needs of the Corporation at the relevant time. If specific targets were adopted based on specific criteria, including gender, this could limit the Corporation's ability to ensure that the overall composition of the Board and its team of executive officers meets the needs of the Corporation.

As at the date hereof, the number of women on the Board is zero and the number of women in executive officer positions is zero. As at the date hereof, the number of women in management positions within the Corporation is approximately 14%.

INDEBTEDNESS OF DIRECTORS AND OFFICERS

No person who is or has been a director, executive officer or employee of the Corporation at any time since the beginning of the financial year ended December 31, 2014, nor any proposed nominee for election as a director of the Corporation, nor any associate of any such directors, executive officers or proposed nominees, is or was indebted to: (i) the Corporation; or (ii) another entity where such indebtedness is or was the subject of a guarantee, support agreement, letter of credit or other similar arrangement or understanding provided by the Corporation, in either case at any time since the beginning of the financial year ended December 31, 2014.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

No informed person of the Corporation, nor any proposed nominee for election as a director of the Corporation, nor any associate or affiliate of any one of them, has or has had at any time since the beginning of the financial year ended December 31, 2014, any material interest, direct or indirect, in any transaction or proposed transaction that has materially affected or would materially affect the Corporation.

There are potential conflicts of interest to which the directors and executive officers of the Corporation may be subject in connection with the operations of the Corporation. Some of the directors and executive officers of the Corporation are engaged and will continue to be engaged in other business opportunities on their own behalf and on behalf of other corporations and situations may arise where such directors and executive officers will be in competition with the Corporation. Any such actual or potential conflicts of interest shall be governed by applicable law and internal policies of the Corporation.
